Memorandum may the 6th 1712 We the Selectmen of Eastham & Truro (and such as were appointed by sd Selectmen) met by appointment to run the line and renew the bounds and to erect bounds where there were none betwixt sd Towns. Pursuant thereto we went to look for the ancient mentioned bound at the mouth of Boundbrook but the white oak tree with stones by it we could not find and Judg it may be washed away by the sea. Whereupon we mutually agreed and did set the bound in stead thereof now (as we Judg) the same range as the former ~~line~~ run which said bound is afore set into the ground with its verall other stones laid about it on the top of the hill due East from a place where we Judg the former bound stood. And we then agreed and concluded from sd bound stone to run west into the sea and East over the land to the main sea which range we carefully ran. Which ranging over Boundbrook neck or Island leaves a skirt of land on the northern side of sd line in which range we marked severall trees ranging along in and by sd line and at the head or eastern end of said Island near the meadow we marked a white oak tree on four sides and with E on the Southern and T on the northern side from thence we ran East over the meadow to a land in Mr Mulford's meadow which is the biggest Island in said meadow & so through sd Island where we marked severall trees ranging and so over the meadow still East to a pine tree marked on four sides and with E on the Southern and T on the northern side from thence still East marking ranging trees along as we went to the Cartway where we marked a tree on each side sd way on four sides and with letters as afore said from thence we ran still East marking ranging trees all along as (ranging to the northward of the Herring pond next y^e brook and through a neck of upland which ly^e between sd Herring pond and another pond) till we came near the back side where we marked a pine tree on four sides near the northwest corner of a fresh pond and from thence over the northern corner of of sd pond to a post set in the ground some distance from the back between the ponds commonly called the Great pond or parrot pond and the place where the Corn Bury pond was which post is marked with E on the South and T on the north side and from thence East to y^e sea.

Whereas in the laying out the land at the division of the upland in
 Eastham in the year of our Lord: 1718: David Smith was wholly left out
 by mistake and had no lot or share set to him as others under his
 circumstances had and also James Snow and Nathanael Snow had
 not their full proportion of what they ought to have wanting each
 of them an half lot of land to make up their shares equal with
 others under their circumstances and there being laid out by Capt
 John Keweler and Ralph Smith two parcels of land to make up their
 proportions an account thereof with the boundaries respectively brought
 in and read at a proprietors meeting in Eastham on the twentieth
 day of may anno domini: 1721: and voted to be recorded to them and
 is accordingly recorded as followeth

The lot of land laid out to sd David Smith lies in Eastham at a
 place commonly called Nafet and is bounded: viz: Beginning at a
 stone in the ground in the corner between the way that goes to y^e
 backside by David Doane his land near sd Doanes gate, and the way
 that goes to Samuel Hortons house thence running along by sd way wh
 goes to sd Hortons forty eight pole to an oak bush marked from
 thence it runs Eastnortheast until it comes within fifty pole of
 the top of the bank or beach near the backside sea from thence =
 southerly the same distance of fifty pole from the backside until
 it comes to the bounds of the land of Joseph Mayo from thence =
 westerly along in the range of sd Mayo his land and then on the nor-
 therly side of the afore sd way by David Doanes land to the first =
 specified bound this sd lot of land is laid out and set to sd David
 Smith in full for his proportion of land which he should have had
 in sd Division of land in Eastham to have and to hold to him

131/ Whereas there was an error committed in laying out Mr. Trott's plain lot in the last division of land in Eastham it being laid partly on another lot formerly laid out wherefore to rectify sd error and to make up what was wanting to sd lot there is now laid in addition to sd lot one piece or parcel of land, bounded as followeth and lying near Neset hills: viz. begin-
ing at the northeast corner of David Doanes fence or a bent in his fence from thence running about southerly in sd David Doanes range twenty-four poles to a stone in the ground thence north easterly in the range of four poles to a stone in the ground from thence northwesterly thirty six poles to a stone in the ground thence southwesterly thirty two poles to a stone in the ground and from thence southerly twenty four poles to the first specified bound. always allowing a convenient way by gates or bars for the benefit of those that improve the land within called Neset hills. being about seven acres more or less. at a proprietors meeting on the 12th day of April: 1721 the above written addition to sd lot laid out to Mr. Samuel Trott was publicly read and voted to be recorded and is accordingly recorded X per John Doane proprietors Clerk

Whereas a lot of meadow lying at Little Billingsgate in Eastham which fell to William Cole in the division of the meadows in sd Eastham in ye year of our Lord 1703. and by the sd William Cole legally conveyed to as lines to become the proper right and estate of John Sweet late of Eastham, deceased. but for as much as John Atwood of sd Eastham did in ye year of our Lord 1720 bring an action of trespass against Benjamin Sweet the reputed son of sd John Sweet for mowing and carrying of hay from sd lot charging sd meadow for part of a lot of meadow which the said John Atwood purchased of Capt Jonathan Bangs. and sd Atwood did recover judgment against the sd Sweet at the inferior Court of Common pleas holden at Barnstable in October: 1720: said Benjamin Sweet did therefore make application to the Town and proprietors of sd Eastham at a Town and proprietors meeting in sd Eastham on ye twenty second day of March anno domini: 1720/21: who did then at said meeting make choice of Mr. John Sparrow and Mr. Jonathan Linnell as a committee in behalf of sd Town and proprietors to lay out to the proper heirs of ye sd John Sweet, deceased so much meadow in some convenient place of the undivided meadows in Eastham as may make reasonable compensation to the sd heirs of sd Sweet ~~in~~ compensation for the meadow recovered from them by sd Atwood and also for the charges which sd Benjamin Sweet hath been out in defending the title thereof and to make return to ye Clerk of the Town and proprietors the situation and boundaries of the meadow they so lay out who they did order to commit the same to record accordingly on the tenth day of April May anno domini: 1721 =

16/ the sd John Sparrow and Jonathan Linnell brought in to me the Sub-
sealer an account of two parcels of meadow laid out by them for the
end above sd lying on the southerly side of the Norving river at Little
Billingsgate in sd Eastham. one parcel thereof containing one acre
and an half lies on the westerly end of a parcel of meadow which was
originally laid to Israel Cole and is now in the possession of Ebenezer

Whereas the Town of Eastham at a Town-meeting in S. Eastham
on the first day of August 1722: did order and vote that Capt John =
Knowles mr Jonathan Linneth and mr Ralph Smith should be a Committee
to view the lots of such persons as complain that their lots of meadow laid
out in y^e year 1703 are spoiled with y^e sand &c and to amend them &c as
may be seen by S^d Town vote and Nathanael Smith being one of the
persons who complained that the lot of meadow originally laid out to his
father Daniel Smith in y^e year of our Lord 1703 lying at the southerly
end of y^e great flat next to y^e Stage harbour was spoiled by y^e sea &c
said &c and S^d Committee finding (as they say) S^d lot to be almost all spoil
had have therefore laid out in lieu thereof of one other parcell of meadow
to be held and enjoyed by him who is the lawfull heir to the S^d lot of me
dow laid out to Daniel Smith now deceased. which S^d lot of meadow now laid
out lies at y^e Town flats commonly so called on y^e part called newset flat
on the southeasterly side of alot laid out to Thomas Rogers & is bounded
beginning at the southwest cornerbound of S^d Rogers his lot from thence it
runs northeasterly in S^d Rogers his range forty pole to a stake in y^e =
marsh thence southeasterly sixteen pole to a stake in y^e marsh, from thence
southeasterly forty pole to another stake in y^e marsh and from thence
northeasterly sixteen pole to the first specified bound. Now this is the
condition and true intent of this exchange that if the heir or heirs of the
above S^d Daniel Smith deceased do resign and quit his or their claim to the
remaining part of S^d lot first laid out to y^e S^d Daniel Smith then this ex
change shall be good but if they or any of them their heirs or assigns shall re
possession them selves of S^d first lot and chasing a title there unto then this
exchange shall be null and void

at a meeting of the Proprietors of the Common & undivided meadow & sedge ground in Eastham
legally wanted to ~~assemble~~ assemble & attend a proprietors Meeting at the middle meeting house
in Eastham on the second Tuesday in January anno Domini 1733/4 then & there to con-
sider & do what may be proper to be done ^{relating to} the Reconsidering or Reassessing any
votable or votes that had been past here to fore for the Dividing or laying out of meadow or
sedge ground. Not already laid out & the Proprietors being assembled accordingly on the second Tuesday
of January 1733/4 being the eight day of January then made choice of Mr William
Paine Moderator for the meeting. And then at the abovesaid meeting of the Proprietors it was con-
sidered that whereas at a meeting of the Proprietors on the 14th day of April 1715 there was
several votes past for the Dividing & laying out all the Common & undivided upland and
meadow in the township of Eastham & by what Rules & method it should be laid out & said meet-
ing being continued by adjournment to the second day of May then next ensuing or following
and at said adjournment it was further concluded & voted that those persons whose names
were there set down were & should be the whole & sole proprietors of all the Common and
undivided upland & meadow in said Eastham and they then chose a committee to lay out said
land & meadow & accordingly they proceeded & laid out the said upland which has had the same
portion of the Negative Men past upon it but the meadow was not laid out but still lies
Common & undivided & the Negative men having lately declared their dissent & dis-
cussance of said meadow being so laid out, it was also further considered that according
to the agreement made between the town & Purchasers all the abovesaid Inhabitantes
of said town were taken in Joynnt proprietors with the purchasers & so all the abovesaid Inhabi-
tants of said town in Justice & equity have a Right in the Common & undivided me-
dow in said town & that to cut off & exclude any number of said abovesaid Inhabitantes
in any division of said meadow would be very Irregular & contrary to the Rules of Justice
and equity but more then two fifth parts of the abovesaid Inhabitantes of said town will be
excluded & cut off if said meadow be laid out to those & only those persons it was then
voted to be laid out to, on consideration of the premises it is thought very un-
reasonable & unjust to proceed according to the Resolves & votes a come mentioned
therefore at this said meeting the being orderly moved & met this eight day of January
1733/4 voted that all that part of all the Resolves Conclusions & votes that
were made & past at on the 14th day of April anno Domini 1715 at a proprietors
meeting in Eastham & at said meeting on the second day of May then next after or
following so far as said Resolves & votes Respect & Relate to the statement or
Dividing & laying out said Common & undivided meadow & no further be & these by are
Recalled & Reassumed & they are by virtue of this vote so far as they Relate to
the statement or Dividing & laying out the abovesaid meadow no farther ^{be} recalled
and Reassumed disallowed & utterly made void & of no effect all & singular
the premises as Articles & paragraphs abovesaid being severall times read
and deliberately Read & considered at the abovesaid meeting viz, January the 8th 1733/4
the vote being call for by the moderator was then declared to pass evidently In the
affirmance.
